What is up with this weather, winter, spring, winter, spring, rain, rain and more rain..... come on, we are ready for warmth and sunny days!!

PLEASE check your child's bucket for extra clothes and make sure that they fit, they grow so fast !!!

A few reminders, there may still be some chilly mornings, so hats, mittens and coats are still necessary to have here, I have extra hats and mittens but not enough for all. The fleece mittens that I prefer NOT to have for snow, are PERFECT for this time of year :)

I will provide this spray sunscreen, if you want something else, please provide :) Thank you.

Using the goggle doc for daily notes, please let me know if pictures don't come through or you can't open, I'm am new to this and still learning!!!

WORDS DEFINE PERCEPTION, PERCEPTION BECOMES REALITY

*I am not a babysitter - I am a Teacher*

*I do not work in an industry - I work in a profession*

*This is not my second choice career - This is my passion*
